

Partnership – the Key to Success

This Home-School Agreement outlines how we can work together with your child to give them the best education possible. At St. Chad's we work very hard to create a positive, exciting learning environment.

School

The school will:

- care for your child's safety and happiness;
- encourage your child to develop their confidence, self-worth and sense of belonging;
- provide your child with an exciting up-to-date learning environment;
- deliver a balanced curriculum which meets the individual needs of your child;
- actively welcome you into the life of the school, being available, by mutual arrangement, to discuss any concerns you might have about your child's learning needs; and
- provide your child with homework tasks that support and develop their learning.

Your child will be expected to:

- be caring and thoughtful towards others and their belongings;
- co-operate;
- keep themselves and others safe;
- use friendly language;
- always do their best;
- be in the right place at the right time; and
- always react appropriately.

You will be kept informed:

- of your child's progress at regular intervals;
- about any concerns or problems that affect your child's work or behaviour;
- about what the teacher aims to teach your child each term; and
- of school activities through regular letters home, class blogs and/or notices of special events.

Dear Parent/Carer,

Local Trips and Excursions in the Surrounding Locality

To avoid having to keep sending letters to parents seeking permission to take the children out on local educational trips, we would like you to agree to give us permission to take your child out on all trips that are organised within the local area during the year. These trips include for example: visits to the church; library; garden centre and walks within the countryside. *(Please Note: This is not an exhaustive list)*

Generally, parents will receive notification of trips, but there may be occasions when children are taken out beyond the school boundaries in response to a flexible approach to the curriculum.

The school's Educational Visit Coordinator is responsible for making sure that members of staff organising outings undertake thorough risk assessments, which highlight any potential hazards so that staff are aware of them.

Thank you for your cooperation in this matter.

Yours sincerely,

F. Marsh
