

ICT Acceptable Use Policy – Image Consent Form

Please complete and return the enclosed Image Consent Form, which gives your permission about how your child's image is used in school.

Photographs and videos of children are taken regularly and used for a variety of purposes:-

- On the school website
- On Twitter
- In the school prospectus
- On displays in school
- In children's books and learning journals
- On a DVD for a school production
- In the media
- In the annual class photo of your child, which will be available to purchase by parents
- To share with community groups who work with children in school and out in the community.

Occasionally, our school may be visited by the media who will take photographs of an event or to celebrate a particular achievement. Pupils will often appear in these images which may be published in local newspapers or on their websites.

If you do not wish your child to appear on the annual class photograph which is available to purchase, please inform the school office at the time.

We ask for your understanding that photographs and videos taken by parents during school events, school trips and in productions, which include children other than their own, are used strictly for personal use only and are not reproduced or publicly displayed on any social networking sites.

This consent form will be reviewed and completed annually, however, if you have any special circumstances, which would affect or change your preferences on this issue, please feel free to contact the school office.

Websites and social media platforms can be viewed throughout the world and not just in the United Kingdom where UK law applies.

If at any time you wish to update your photographic consent permissions, please inform the school office.

Name of Child _____

Year _____

Name of Parent/Carer _____

Date _____
